PROFESSIONAL EXPERIENCE

GLEUHR Wellness, Chandigarh, India

Operations Manager, Inventory and Dispatch | May 2026 to Present

- Manage dispatch, logistics, and stock handling for 12+ clinic locations, covering stock availability, warehouse reconciliation, and cycle counts.
- Lead vendor management across four product categories: cream, serum, hair products, and tea, including replenishment and expiry control.
- Own customer experience on last-mile delivery, from dispatch through doorstep handover.
- Control reorder points for fast-moving SKUs, eliminating stockouts while holding reorder spend within budget.
- Direct domestic dispatch operations through Shiprocket and manage international freight and tracking through DHL.
- Built an automatic system that creates the documentation for every international dispatch.
- Maintain a 24 to 48 hour dispatch SLA across web and sales orders, with stock managed on Zoho Inventory.
- Run daily MIS and inventory audits, plus weekly and monthly reporting covering inventory accuracy, RTO receipts, and cycle counts.
- Lead a 10-member inventory and dispatch team, optimizing task allocation and reducing expiry write-offs.

Sova Health, Gurugram, India

Team Lead, Operations and Unicommerce Dispatch System | January 2024 to April 2026

- Scaled the brand's e-commerce revenue from approximately INR 50 lakh to INR 4.3 crore in 8 months, including Blinkit, Zepto, and Swiggy Instamart.
- Built an automation that cut dispatch TAT from 48 hours to 24 hours.
- Served as the dedicated Zoho Manager, customizing workflows in Zoho CRM and Zoconut to track patient lifecycles, automate client follow-ups, and resolve escalations, sustaining a CSAT score of 95% or higher.
- Managed a client portfolio of 1,600+ accounts alongside end-to-end dispatch of gut microbiome diagnostic kits across PAN India, maintaining an on-time SLA of 98% or better.
- Managed Shopify-based order processing and marketplace operations across Amazon and Flipkart, including inventory reconciliation and refunds.

Policy Bazaar, Gurugram, India

Relationship Manager, Client Relations | May 2021 to May 2022

- Managed client onboarding and acted as the primary client contact for SLA governance and issue resolution.
- Produced HRMIS reporting across client accounts.

STARTUP

Glass.skin: Multipurpose Cream D2C Brand (Shopify)

Started in college; built and run by me | Ongoing

- Built Glass.skin, a Shopify store for an affordable multipurpose cream made for everyone (INR 1,499); generated INR 1.5 crore in actual revenue and still running.
